The Portals
of C. C. H. S.

Dedication...

Through the prolific portals of Canon High have passed many in search of learning, and countless others are destined to follow in their footsteps. When a student leaves his high school for the last time, he takes with him the priceless gift of knowledge which is his to use and improve upon. It is to these students who have graduated in past years that this annual is humbly dedicated. May they reach for greater heights! May they achieve life's greatest treasures!

Contents

Since the beginning of time man has had in his possession a lamp -- a marvelous lamp of learning. At his will he was able to call upon the three genii of the lamp -- leadership, knowledge, and fellowship -- who in turn were able to offer many opportunities. Those who heeded the words of the genii and put to use their teachings outgrew their petty ways and soon were spreading far and wide that which they had learned. Others who scoffed and ridiculed soon found that they had little use for them or their ways. Our school, like this magic lamp, is a monument to learning. With it we, too, may have the opportunity to grow within ourselves, as the people of the past have. Let the wisdom of the genii become our wisdom and after being taught, let us become teachers.

Leadership

The genie of leadership has been at Canon for many years. It has taught us to govern, to lead, and most important of all, to follow. It's in our halls, our classes, our assemblies, and if you listen closely, you can hear it among the laughter and excitement of many other activities. Our leaders have prospered and learned much through the power of the genie of leadership. Stop and think, you can easily see where administration, school board and teachers alike have benefited through the year. Truly, we are among those who after hearing the genie's wisdom will continue to grow and seek after better things.

Knowledge

The second of our three powerful genii is knowledge. With his infinite wisdom and countless array of facts, he abides at CCHS for the sole purpose of instilling knowledge by dint of practical use of class time and facilities. Confucius said, "To know what you know and what you do not is the characteristic of one who knows." Through the powers of the genii of knowledge we have continually grown, and that which once seemed difficult is now easily comprehended. Remember, knowledge and intelligence are the marks of a learned man. The opportunity is ours for the taking. If we use it we will be among those who grew through the lamp of learning.

DeVaughn Demicell
President

Fellowship

In years to come, as we grow in wisdom, knowledge, and worldly possessions, we will be able to look back and count over that which is ours. The values placed on many things will differ, but we can never judge the value of a friend. Some friendships will grow through the years, others will last for a while and then fall into the vastness of the past and its memories. The ability to work, play, and live together with whomever we come in contact is not a gift, but something we must learn. The genie of fellowship has helped us learn this -- the greatest of all arts. Every day we have a chance to practice and use this opportunity. Let people be able to say of you, "Yes, he's a great friend of mine."

Band Activities

Have you noticed how differently the band sounds lately? At last you can stop wondering why. The credit for this new sound goes to Mr. Don Threlkeld, music co-ordinator of the Canon City schools, and the band's new Stroboconn. The Stroboconn, by the way, is an electronic tuning device. Also helping to improve the sound of the band was a new baritone saxophone, and two new French horns. The band has a revamped look with the addition of filing cabinets for music and a high-fidelity record player. New spats, plumes, and gloves give the uniforms an appearance of distinction.

The instrumentalists opened this year's activities with several precision half-time shows, highlighted by a patriotic show on Veterans' Day. Among the other band activities last fall were a trip to Florence for Pioneer Day and to Colorado Springs for a game, as well as many civic functions in which the band participated, both as a group and as individuals.

From the concert band, 20 members were chosen to be in the Dutch band. With a few additions the Dutch band became the pit orchestra for the band's two money-making shows: the Band-Polio Benefit Show and Tiger Tales; also in the line of money-making projects was the annual Band Booster Day.

On April 5, the band journeyed to Salida for a band clinic, and two weeks later they participated in the annual Music Festival at Pueblo. Among other spring activities was a concert, the band banquet, and Blossom Day.

The officers of the 70 piece band during this year were: president -- DeVaughn Demicell; vice-president -- Ted Hanford; secretary -- Clara Darnell. Many of the other bandsmen were elected to the various offices relating to the running and upkeep of the band. Vernon Baumer led the band as drum major and student conductor. Two of the senior clarinetists were chosen to be in the All-State Honor Band; Sylvia McDermeit and Vernon Baumer took part in this band which met in Greeley the last week in March.

The last scheduled performance of the band was commencement, when a new pit band, formed without any of the seniors, played. The seniors performed with the band for the last time on May 12, Field Day. Thus the CCHS band ended one of the busiest years in its history.

A Cappella Choir

Chorus Activities

The mixed chorus and the girls' chorus, as well as smaller ensembles, began this year at CCHS under the direction of Mrs. Dortha Carillo.

Music rang through the halls of CCHS just before Christmas vacation started; we were being serenaded by the chorus. They again took part in Christmas celebrations on January 12, at the Christmas-tree burning.

The chorus had a busy second semester this year, starting when Mr. Don Threlkeld assumed the directorship of the group at that time. Several chorus members participated in programs given around Canon City. In April, some members of the organization went to Fort Carson to take part in a show given at the hospital there.

The complete chorus took part in the annual State Music Festival held in Pueblo on April 19. In addition to this competition several individuals in the chorus went to Pueblo on April 23 for the solo and small ensemble division of the Music Festival.

Girls' Chorus

A concert was the highlight of the May schedule, but the chorus also entered a float in the Blossom Day parade in May.

The small choir sang over the Public Address system on World Day of Prayer, and a boys' chorus took part in Tiger Tales. The regular girls' chorus sang for Y-Teens, and individuals in this group performed on various other programs.

The year's activities were drawn to a close at commencement when the chorus presented the musical portion of the program.

"The Boys Backstage" "Three Coins In A Fountain" "The Brass" "Dolls"

The Flagship Tiger Tales left the runway on March 17 and 18 bound for musical visits to the world's capitals. In Italy, a girls' trio threw "Three Coins In A Fountain," and in Spain a bullfight was shown on film. There was dancing and singing in a Parisian cafe, and a four piece modern combo played in a London cellar club. Deanna Curtis sang "Smilin' Thru," a dance line performed a reel in an Irish setting, and a Dutch garden was the scene for some top flight wooden shoe technique. There was a Viennese ballroom, and Mount Fujiyama was the background as Marlene Schlaf sang "One Fine Day." One could almost feel the ocean breeze when six lovelies did the hula. Brazil was represented by a very fine bolero routine, and Mexico featured the "Mexican Hat Dance." The trip ended with a visit to the Canadian Mounties, singing "Stout Hearted Men," and the entire cast returned in a brilliant finale emulating the various parts of America, singing "Dixie," "Sidewalks of New York," "California, Here I Come," "Yankee Doodle," and finally, "This Is My Country."

Best
of luck and
many happy
returns in the
years to come
Ray and
Beady

To a real swell
kid. Best wishes
always,
Lettie Lou

Best of Luck
to a swell kid.
Enjoy the Navy! Huh!
always,
Anna

Best of luck to
a swell kid.
Remember hand!
Love,
Phyllis Robbins

From me to one
"Mell of a Hess";
Good Luck!
Michael Ditz

Hi you Pig I mean
of course someone too, pig that is.
We make such a ugly
couple. But its lots of
fun to eat slop in the
pig pen. But just think of the
night we ate corn under the
moon. Well good by for
now. Remember when I was
this, at 11:30 P.M. just at
bowling up town. P.C.
you was always 39 and
love always Mar

Best of Luck
to a nice guy.
Remember the good old
days in band. Good
Luck. Bertie,
'55

Hi Melvin -
Here's to a real swell
guy. May you
have the best
in life.
Knowing you.
Betty Davis
(me)
Anna Anderson
